The Central Government, Ministry of Labour vide order No. L-12012/08/2008-IR(BI) dated 07-04-2008 has

The appropriate Government vide its order No. L-42012/52/2004-IR(CM-II) New Delhi Dated 21-4-2005 referred the dispute for adjudication by this tribunal in exercise of power conferred by clause (d) of sub section (1) and sub section 2 (A) of Section 10 of the Industrial Dispute Act 1947, the terms of Reference as per schedule as follows :

SCHEDULE

“Whether the action of the management of IFFCO, Kandla in not promoting Sh. R B Uke in Grade-I w.e.f. 1-11-98 is legal and justified? If not, to what relief the workman is entitled to?”

While the dispute was pending in this court an application for the withdrawal of Reference case was filed on 03-07-2009 by the workman Shri R. B. Uke with his signature and address mentioning in the application and this application was also signed by the representative of the first party. This withdrawal application was filed when this case record was pending in the court of Industrial Tribunal, Ahmedabad. But no order was passed and subsequently on transfer of the record from the Industrial Tribunal Court, as per order of the Ministry of Labour & Employment. The case record received and put up for the first time on 21-11-2011 giving order for issuing notices to the parties and fixing the date on today. But from perusing the withdrawal application filed by the second party workman at Ext. 6 there is reason to believe that the grievances of the workman has been fulfilled by the management of IFFCO and he has been promoted in grade-I w.e.f. 01-05-2002 and such promotion was acceptable to the applicant and so, there remains no dispute for adjudication of the terms of the Reference. The second party workman has prayed for suitable order on his such withdrawal application at Ext. 6, but ill luck would have it

no any order could have been passed by the Industrial Court, Ahmedabad on filing such withdrawal application on 03-07-1990. Today again power is filed on behalf of the first party at Ext. 7 and the first party has confirmed that the second party now has no any grievance left against management of IFFCO.

The second party workman's grievance has been satisfied by promoting him and so, the second party workman is not interested, likewise first party is also interested in disposal of the case in view of the application for withdrawal of the second party. Now dispute referred for adjudication is nonest. Accordingly no dispute award is passed.

Let copies of the award be sent to the appropriate Government Ministry of Labour & Employment, New Delhi, for publication of the award and for needful.

4. The management in its written statement resisted the claim of the workman stating that the action of the management is legal and there was a departmental enquiry against the workman after submission of a charge sheet for commission of serious acts of misconduct, while on duty and at the work place and the workman found guilty in the enquiry and as such he was demoted from Blacksmith category-VI to category-V by way of punishment and as such, the workman is not entitled for any relief.

5. It is necessary to mention here that on 27-4-2011, advocates for the parties filed a joint pursis stating that as the wages of the workman was not reduced and the workman was not affected by the punishment, no dispute exists between the parties and as such, the parties do not want to pursue the case and for that the case be closed and necessary orders be passed.

"Whether the action of the management in relation to erstwhile Wirur Sub Area and the presently Dhoptala Sub Area of Western Coalfields Ltd. in terminating the services of Smt. claim and the management of Wirur Sub Area of Western Coalfields Limited ("the Party No.1" in short) filed its written statement.

The petitioner, union filed the statement of claim claiming for reinstatement of the workman in service with full back wages and consequential benefits stating that the action of the management in terminating the service of the workman is illegal and arbitrary.

3. The Party No.1 in its written statement resisted the claim of the workman pleading inter-alia that a departmental proceeding was initiated against the workman for impersonation and as the workman was found guilty of the charges, her service was terminated and the action of the management is legal and justified and the workman is not entitled for any relief.

4. It is necessary to mention here that the advocate for the workman filed an application to close the case as withdrawn and to pass necessary orders on the ground that in spite of his best attempts and by sending notice by registered post with AD, he did not receive any communication from the petitioner to proceed with the case and the petitioner is not interested to pursue the case for various reasons including her personal reason. AWARD

(Dated : 29th April, 2011)

In exercise of the powers conferred by clause (d) of sub-section (1) and sub-section 2(A) of Section 10 of Industrial Disputes Act, 1947, (14 of 1947) ("the Act" in short), the Central Government has referred the industrial dispute between the employers, in relation to the management of SECL and their workman, Smt. Rajkumari for adjudication, as per letter No. L-22012/206/2000-IR (C-II) dated 01-01-2001, with the following schedule:-

"Whether the action of the management of SECL, Kusmunda Area in terminating the services of Smt. Rajkumari, Instructor w.e.f. June, 1997 is justified? If not, to what relief Smt. Rajkumari is entitled?"

On receipt of the reference, notices were issued to the parties to file their respective statement of claim and written statement, in response to which, the workman, Smt. Rajkumari ("the workman" in short) filed her statement of claim and the management of SECL ("the Party No.1" in short) filed its written statement.

3. The case of the workman is that she was appointed as a "Kosa Dhaga Instructor" w.e.f. October, 1995 at Kusmunda Coal Mines of South Eastern Coal Fields Ltd, Korba, Distt. Bilaspur and she was paid Rs.41 per day as wages and drawing Rs.1186 per month approximately and she was working continuously without any break since her appointment and she was having clean and unblemished service record and she was performing other miscellaneous duties of a labour in the Sarvamangla Centre of the Kusmunda Coal Mines under the supervision of Smt. Sunita D. Choudhary, Labour Welfare Officer, Kusmunda and Area Survey Officer Mr. R.S. Dubey, but she was recording her attendance in the office of the Deputy CME, V.K. Sood, GM Kusmunda office and she was a workman as defined u/s 2(s) of the Act and the party No.1 is a Government company and is carrying on the

activity of production of coal and its distribution and sale and she had completed 240 days of continuous service each year and thus, had acquired the status of a permanent employee in terms of the service conditions incorporated in the standing orders, but her service was orally terminated by the Chief General Manager, Kusmunda Area, as per the letter dt. 24-5-97 of the Deputy CME and nodal officer, Kusmunda area of SECL w.e.f. 1st June, 1997 and before termination of her service, Party No.1 neither issued a month's notice nor paid the wages of one month, in lieu of the same and her services were terminated without following the mandatory provisions of Section 25F and 25G of the Act and as such, the termination of her service is illegal, void and is liable to be set aside. The further case of the workman is that the party no.1 did not pay her wages in terms of National Coal Wages Agreement-V and VI and paid wages at the rate of Rs.41 per day instead of Rs.3,200 per month as per NCWA-V and Rs. 5,247 per month as per NCWA-VI and she was also not granted the benefits of earned leave, sick leave, casual leave and other benefits and party no.1 indulged in unfair labour practice and the party no.1 was not making the payment of wages directly to her but was depositing the same every month in her savings bank account No.9644 with the State Bank of Kusmunda and though she made representations to the Chief General Manager, Kusmunda orally and in writing, about her illegal termination, he did not take any cognizance of the same, so she raised the dispute before the ALC, Bilaspur and the conciliation ended in failure and as such, the ALC submitted failure report to the Central Government and the Central Government referred the dispute for adjudication to the Tribunal. The workman has prayed for reinstatement in service with continuity and back wages as per NCWA.

4. The case of the Party No.1 is that it had acquired land for mining purposes and also for the rehabilitation of the project affected persons and it had taken loan from World Bank for some of its projects and sanction of loan by the World Bank was on certain terms and conditions and rehabilitation of project affected persons, shifted to rehabilitation village was also one of the said conditions and the Centre for Labour Education Social Research (CLEAR), a non-government organisation was engaged by the CIL to facilitate the implementation of rehabilitation action plan and indigenous people's development plan activities under environmental and social litigation project and the NGO. CLEAR was imparting training to the women to help them to stand on their own legs and thus, the said NGO had taken up a short term programme for imparting Kosa Thread opening from cocoons for the project affected women and the said NGO had given the responsibility to Shri N.K.Gupta, the Field worker of CLEAR and the workman was giving training to the project affected women in Sarvamangala Nagar, a rehabilitation village and SECL had sanctioned Rs. 36,000 for the said programme and the

short term programme was completed after the said fund was exhausted and there was no master and servant relationship between it (Party No.1) and the workman at any point of time and the workman was engaged by the NGO, CLEAR on honorarium basis and it had neither had effective control nor supervisory control over the programme and the NGO was controlling and supervising the work of the workman and the workman was never appointed by it, by oral order and it is a government undertaking and as such, nobody can be appointed by it without following the prescribed norms and procedures of recruitment and it had never paid wages at the rate of Rs.41 per day or Rs.1186 per month to the workman and the workman had never completed 240 days of continuous service with it and she was neither appointed nor given any termination letter as there was no master and servant relationship between the parties and as the workman was not engaged by the management, there is no question of payment of wages as per NCWA and as such, the workman is not entitled for any relief.

5. In her rejoinder, the workman has stated that she was orally appointed by the Chief General Manager and she was regularly marking her attendance in the office of the Party No.1 and she worked under the direct supervision of the Labour Welfare Officer and Survey Officer of Party No. 1 and Party No. 1 was paying her monthly wages in her Saving Bank Accounts though issuing the cheques in her favour by name every month and hence she is a workman in terms of section 2(s) of the Act.

6. Besides placing reliance on documentary evidence, both the parties adduced oral evidence in support of their respective claims. The workman examined herself as a witness on her behalf.

Shri Ganesh R. Rathod, Personnel Manager, SECL and Shri R. S. Dubey, Deputy Superintendent (Survey) have been examined as witnesses on behalf of the management. It is necessary to mention here that though, the evidence of Daniel J. Theophilus, Executive Director of CLEAR on affidavit had been filed by the management, management failed to produce the said witness for cross-examination, as the said witness had already left for Kerala, his native state. Hence, the evidence of Daniel cannot be taken into consideration.

7. The workman has reiterated the facts mentioned in the statement of claim, in her examination-in-chief, which is on affidavit. However, in her cross-examination, she has admitted that she was engaged by Shri Sood, who was the Labour Officer of the Company and she was interviewed and she did not receive any interview call but she was called orally and she was not called through Employment Exchange and she did not receive any order for appointment. At one place, she has stated that she was not performing the work of preparing threads from kosa,

but at another place, she has stated that she used to go to teach the villagers as to how threads of kosa are prepared. Condemning her own plea taken in the statement of claim that she was getting Rs.41 per day as wages and Rs. 1186 approximately per month, she has stated that she was paid monthly salary and she was getting Rs.1100 per month and the same was increased to Rs.1200 per month and Mr. Sood used to pay the salary to her and one Clerk namely, Lakhani used to take her attendance in a register and the said Clerk was the employee of the Mine. She has also admitted that she had applied to the Executive Director of CLEAR to reappoint her and she cannot say whether the document M-6 bears her signature or not. Contradicting her own statement, she has again stated that Mr. Sood was the General Manager.

8. So far the oral evidence adduced from the side of the party no. 1 is concerned, both the witnesses have categorically stated that CLEAR had taken a short term programme for imparting kosa thread opening from cocoons for the project affected women and the said NGO had given the responsibility of the said work to Shri N.K. Gupta, their Field Officer and the workman was deployed by the said CLEAR for giving training to the affected women residing in Servemangala Nagar and for the aforesaid work, the management of SECL had sanctioned an amount of Rs.36,000 and the said training programme was concluded after the fund was exhausted and the workman was never appointed or engaged for any work whatsoever, by the management of SECL at any time and there is no post in the name of Kosa Dhaga Inspector in the job nomenclature and cadre scheme of SECL and the company has no such business of kosa and there was no employee and employer relationship between the claimant and the management. Documents M-1 to M-15 have also been proved by them. In the cross-examination, Shri Ganesh has stated that he was the Personnel Manager, while working at Kusmunda from December, 97 to November, 2003 and he was looking after the work of rehabilitation and they are doing training like opening of cycle repairing shop, tassar production through NGO CLEAR and the NGO was looking after the training and Mr. Sood was the Deputy Chief Mining Engineer during his tenure, The xerox copies of three cheques, Exts. W-6, 7 and 8 were shown to this witness during his cross-examination and the witness gave the explanation that the said cheques were issued by SECL on the request of the NGO, due to delay in the payment.

The other witness, Mr. Dubey in his cross-examination has stated that he was at Kusmunda project from 1991 to 1997 and SECL had started a rehabilitation centre for settlement of project affected person due to land acquisition and the township was developed by SECL and the workman was engaged by the NGO, CLEAR and the three cheques Exts. W -6, 7 and 8 were issued towards the honorarium as per the request of CLEAR.

9. At the time of argument, it was submitted by the learned advocate for the workman that the workman was appointed by the Chief General Manager as Kosa Dhaga Instructor, but she was doing the work of a female general mazdoor under the supervision of Smt. Sunita D. Choudhury, Labour Welfare Officer and she was paid Rs.1186 per month and the appointment of the workman is duly supported by the documents i.e. xerox copy of the cheques and pass book and the management has failed to show that the workman was engaged by CLEAR and as the workman was in continuous service for more than 240 days in the preceding year of termination and as there was non-compliance of the mandatory provision of Section 25F and 25G of the Act, the termination of the service of the workman is illegal and as such, she is entitled for reinstatement in service with continuity and back wages.

10. On the other hand, it was argued by the learned advocate for the Party No.1 that it is clear from the evidence, both oral and documentary that the workman was appointed by CLEAR and she was never appointed by the management and there was no relationship of master and servant between the parties and as such, she is not entitled for any relief. In support of such contentions reliance was placed on the decisions reported in AIR 2007 SC 631 (M. D. Karntak Handloom Development Corporation Vs Mahadeva Laxman Raval), 2007 LAB. IC 590 (SC) (Gangadhar Pillai V/s M. S. Siemens Ltd.), 2007 - 1 - LLJ 276 (State of Rajasthan V/s SC) and (2006) 2 SCC 711 (State of MP V/s Arunlal Rajak).

11. It is the admitted case of the parties that SECL is a company, which is carrying on the activities of production of coal and its distribution and sale. So, there is no question of appointment of any person as "Kosa Dhaga Instructor" in a coal industry. Though, the workman has claimed that she was appointed as a "Kosa Dhaga Instructor", she was doing other miscellaneous duties of a labour at "Sarvamangala Centre". If actually she was appointed by Party No.1, then it is not known as to why she was working in the said centre. According to the statement of claim, and examination-in-chief of the workman, she was appointed by the Chief General Manager, SECL, Kusmunda, but in her cross-examination, she has stated that she was engaged by Mr. Sood. At one place in her cross-examination, she has stated Mr. Sood was the Labour Officer of the company but at another place, she has stated that Mr. Sood was the General Manager. Her such evidence is quite contradictory than her stand taken in the statement of claim. The workman in his statement of claim has claimed that she was marking her attendance in the Office of the Deputy CME, V. K. Sood. In her rejoinder she has mentioned that she was marking the attendance in the office of Party No.1 i.e. the Chief General Manager, Kusmunda. However, in her cross-examination, she has stated that one Clerk, namely Lakhani was marking her attendance in a register. Neither such register has been produced nor the said

Lakhani has been examined as a witness on behalf of the workman. According to her statement of claim, she was engaged on daily wages basis at the rate of Rs. 41 per day and she was getting of Rs. 1186 approximately per month, but according to her evidence, she was getting Rs. 1100 per month at first, which was subsequently raised to Rs. 1200 per month. The workman has claimed that the Party No. 1 was depositing her salary in her pass book each month. However, on perusal of the xerox copies of the pass book, it is found that except on 23-12-96, there is no entry in the said pass book about deposit of Rs. 1186 in any other date. There is also nothing in the xerox copy of the said pass book to come to the conclusion that the Party No. 1 had deposited the amount in the pass book of the workman on 23-12-96 or any other date. The xerox copies of the three cheques produced by the workman and marked as Exts. W6, 7 and 8 also do not show payment of Rs. 1100 or Rs. 1200 as claimed by the workman in her cross-examination. Ext. W-6 is a cheque for an amount of Rs. 2279 Ext. W7 is a cheque for Rs. 1231 Ext. W8 is a cheque for Rs. 1186. The issuance of Exts. W6, 7 and 8 by SECL has been explained by the two management witnesses and such explanation has been brought out in their cross-examination. Taking into consideration the contradictions in the evidence of the workman, which are very material contradiction, it is not possible to place reliance on the same.

12. The evidence of the two management witnesses that the workman was not engaged by the Party No. 1 and that she was engaged by the NGO, CLEAR, who was undertaking a short training programme for the women regarding the preparation of thread from cocoons and that the NGO was paying honorarium to the workman and after exhaustion of Rs. 36,000 sanctioned by the Party No. 1 for the said training, the training was closed has virtually been remained unchallenged in the cross-examination. Even no suggestion was given to those two witnesses that the workman was engaged by the Party No. 1 that she was not engaged by the NGO, CLEAR.

Beside the oral evidence, it is found from Ext. W1 that the Nodal Officer of Party No. 1 had issued letter No. 652 dt. 24-5-97 to the NGO representative, Kusmundas area to stop payment to the workman from June, 97. If actually, the workman was working under the Party No. 1 directly, then there was no question of the Nodal Officer of the Party No. 1 writing a letter to the NGO representative to stop the work of the workman.

13. The workman has admitted in her evidence that she had applied to the Executive Director of CLEAR to reappoint her. Document M6 has been proved by the witnesses for the management to be the application submitted by the workman to the Executive Director, CLEAR. On perusal of the document M-6, it is found that the workman in her application had mentioned that she had worked as an Instructor, Kosa-resham Thread Training

Centre at rehabilitation village Sarvamangla Nagar organized by CLEAR and SECL, Kusmundas for more than one half years. The said application, document M6 dated 15-1-97 shows that the workman was working as an Instructor, Kosa-resham Thread Centre organized by CLEAR and SECL. Documents M1 to M 15 coupled with the oral evidence of the two management witnesses show that the workman was engaged as Kosa Dhaga Instructor by the NGO, CELAR and the NGO was paying the wages to her and she was not engaged or appointed by the Party No. 1. Hence it is ordered :

ORDER

The action of the management of SECL, Kusmunda Area in terminating the services of Smt. Rajkumari, Instructor w.e.f. June, 1997 is justified. The workman is not entitled for any relief.

AWARD

(Passed on 28 April, 2011)

Central Government vide Notification No. L-42011/48/95-IR(DU) dated 30-5-96 by exercising its powers under Section 10 Sub-section (1) Clause (d) and Sub-section 2(A) of the Industrial Disputes Act, 1947 (hereinafter referred to as Act) has referred the following Industrial Dispute for adjudication to this Tribunal :—

“Whether the action of the management of Central Institute Research on Buffaloes, Hissar in terminating the services of S/Sh. Satbir Singh, Rajbit Singh, Chandi Ram, Radhey Shyam, Subash, Baljit Singh, Roop Ram, Ishwar and Smt. Ram Koori is just, fair and legal? If not, to what relief the concerned workmen are entitled to?”

In the present reference a ‘no dispute award’ had been passed by the CGIT, Chandigarh on 8-6-2001, as the representative of workmen had withdrawn the case against the management. The said award was published also vide notification dated 10-08-2001. However, subsequently on the application of claimant Union the reference was restored and it is how the reference is pending for adjudication.

As it is clear from the order of the reference the dispute referred for adjudication to the Tribunal relates to the termination of the services of S/Sh. Satbir Singh, Rajbit Singh, Chandi Ram, Radhey Shyam, Subash, Baljit Singh, Roop Ram, Ishwar and Smt. Ram Koori and to the entitlement of concerned workmen to any relief, if the termination was not just, fair and legal.

In the claim statement, however, the claimant Union stating that the concerned workmen have been reinstated on different dates from 1994 to 1996 has claimed the back wages of the termination period along with interest, bonus, increment and Night Duty Allowance etc.

The claim was contested by the management primarily on the ground that the Union is not recognized by the Management Head Office and management is a Research Institute not falling within the definition of “Industry” of the Act. It has been further stated that the concerned workmen had illegally participated in a strike and sit on a ‘Dharna’ in front of the main gate disturbing the peaceful atmosphere of the Institute and thereafter

they went on hunger strike also. However, in terms of a settlement between the management and the workmen in the presence of A.L.C. the workmen were reinstated and the remaining demands had been withdrawn by the workmen. The workmen are not entitled to any back wages, bonus increment etc. as they did not work during the termination period. Hence, the claim of the workmen is liable to be dismissed.

One of the concerned workman Rajbir Singh tendered his affidavit and certain documents in evidence on behalf of claimant while on behalf of management R.G. Acharya, Assistant Administrative Officer, Management Hissar tendered his affidavit.

Parties have filed their written arguments. I went through the written arguments of the parties and material on record. When the case was taken for arguments on 27-10-2010 an anomaly in the reference order and the claim statement was noticed and was pointed out to the parties, whereupon the claimant Union requested for time to get amended the reference. But nothing was received from the Central Government on subsequent dates i.e. 13-12-2010, 1-2-2011, 25-3-2011 and 28-4-2011. Even claimant did not turn up in the case after 13-12-2010 hence the reference is being adjudicated upon in the present form.

During the pendency of the reference, one of the concerned workman Subash Chand died and vide order dated 14-3-2007 his widow Smt. Suresh Devi was allowed to be substituted in place of her husband.

As it is the admitted case of the parties that the concerned workmen have already been reinstated, the question:

“Whether the action of the management of Central Institute Research on Buffaloes, Hissar in terminating the services of S/Sh. Satbir Singh, Rajbit Singh, Chandi Ram, Radhey Shyam, Subash, Baljit Singh, Roop Ram, Ishwar and Smt. Ram Koori is just, fair and legal”

has lost its relevance and has become infructuous.

The other part of the reference relating to the relief to which the concerned workmen are entitled stems out of the first referred question. The Tribunal was to see the entitlement of the workmen to a relief if the termination was not just, fair and legal. The relief claimed by the Union/claimant about back wages and other allowances for the termination period is beyond the scope of the reference.

As the concerned workmen have already been reinstated a ‘no dispute award’ is passed with regard to the matter under reference. Let two copies of award be sent to the Central Government for further necessary action.

Dated: 3rd May, 2011**AWARD**

By Order No.1-40011/5/97-IR{DU} dated 17-04-1998 the Government of India, Ministry of labour in exercise of its powers under Section 10(1)(d) and (2A) of the Industrial Disputes Act, 1947 referred the following dispute to this Tribunal for adjudication:

“Whether the action of the management of Telecom Factory, Alipore, Calcutta rectifying the date of birth of Sh. Nabakumar Paul as 20-2-37 and superannuating him on 28-2-97 is justified? If not, to what relief the workman is entitled?”

2. As per written statement of claim the story of the workman is that he became an employee of Telecom Factory at Alipore in Calcutta on the basis of his appointment on and from 17-6-1964 with a Ticket No. 2331A of O.F.G. Shop, Telecom Factory, Calcutta and he was initially appointed as Trade Mazdoor. According to the service rule for industrial workers, the employer P & T Workshop maintained all the particulars of the employee in a prescribed proforma on which the workman put his signature on 1-11-1966 and in the service rule his date of birth was recorded as 1st of July, 1939. Subsequently, under Circular No. IS-20-3/97/1 dated 29-2-1996, this workman was intimated that the date of his retirement from service was fixed on 28-02-1997. Thereupon a thorough enquiry was made and it was found by the workman that the original date of birth recorded in his service book as 1st July, 1939 was penned through behind his back and without his consent and/or approval and/or information and a fraudulent insertion was made there as 20th day of February, 1937. The workman claimed that the act was illegal on the part of the employer and that the said type of administrative function straight way violated the provision of Certified Standing Orders. The workman concerned raised objection against such wrong fixation of retirement

date by a letter dated 21-3-1996 which was subsequently followed by another letter dated 20-7-1996, both addressed to the Chief General Manager, Telecom Factory, Calcutta and therein the workman claimed that his date of retirement would have been 30-6-1999 as per original recording of his date of birth in the Service Roll. Subsequently, on the request of the workman, union to which he was attached, namely, All India P & T Industrial Workers Union, issued a letter through its Secretary on 15-8-1996 by way of representation to the Chief General Manager, Telecom Factory, Calcutta with a request for correction of his date of birth of this workman and also of another workman, namely, Banu Dhar Nayak. The workman claimed that as the year in he was born could be mentioned by him at the time of appointment, as per provision contained in para 39(2)(1) of the Certified Standing Order, 1-7-1939 was printed as his date of birth. It is also stated that as per provision of para 39(4) of the Standing Order, report of the Medical Officer was only required where the age of the workman concerned cannot be established on other grounds in clause 39. Workman claimed that Item No. 18 of the Service Rule for industrial workers, under the title ‘Medical Report’, the opinion of the medical examiner was required in respect of general health condition and any disease communicable or otherwise, which was required to qualify a person for employment and there is no occasion for medical report that the medical examiner was authorized to assess the age of the workman concerned from the medical point of view nor it appeared that the said report in regard to the determination of the age of the workman concerned was held after proper medical examination on the basis of physiological state of condition of the workman concerned. The workman claimed that in subsequent stages he produced a school certificate issued by the then Head Master of Islamkathi Parbatinath Institute now in Bangladesh dated 15-3-1973 and there the date of birth is recorded as 13-9-1939. The letter of Assistant Engineer (Admn.), Telecom Factory, Calcutta - 27 addressed to the workman, Nabakumar Paul under Serial No. 2331A was absolutely evasive in nature and was an instance of distortion of factual state of situation. The workman made several representations to the authority without any result and ultimately raised an industrial dispute before the Regional Labour Commissioner (Central), Kolkata. On the failure of conciliation proceeding, the present reference has come before this Tribunal for adjudication.

3. In the written statement, the management of Telecom Factory has submitted that though at the time of appointment of the workman on 17-6-1964, his date of birth was written as 1st July, 1939 and subsequently penned through to re-write as 20-2-1937, at the time of his entry in the job, a medical examination was held to assess his date of birth as the applicant failed to produce any authentic proof of his date of birth. On 20-2-1967 a medical examination was held and there the workman has disclosed that he was 30 years old on that date and the medical

examiner also accepted his appearance and such declaration as declaration of his age as 30 years on that date. Thereupon his date of birth was re-recorded fixing a date 30 years back from 20-2-1967 being the date of medical examination and it was written as 20-2-1937 as the final date of birth being duly authenticated and it is unassailable. Further, the workman Shri Nabakumar Paul also submitted his family declaration in Form No.3 with his signature on 30-5-1986 being duly attested by the Assistant Engineer (Galvg.) and there he wrote his date of birth as 20-2-1937 clearly. Though the workman raised a matter of school certificate recording his date of birth, no such certificate was submitted by him at the time of entry to the service as proof of his qualification and date of birth and the said school certificate was a manufactured one since, the name of the school was stated as Islamkathi Parbati Nath Institute, but the stamp of the school showed the name of one Polytechnic Institute. Further, it is claimed by the management, that such certificate has been produced from the school in Khulna, Bangladesh. no migration certificate/proof of migration to reside in India from Bangladesh was produced since the signature of the said school was done on 15-3-1973. It is further submitted that as the workman concerned failed to produce any evidence about his date of birth of at the time of entry into the service, the Department as well as the workman concerned agreed to assess the date of birth through medical examination under Rule 39(4) of the Certified Standing Order. It was mandatory on the part of the workman to appeal for correction of his date of birth within 5 years from the opening of the Service Book, which was not done by him and such prayer has been made for such correction at the fag end of his service life though the workman Shri Paul put his signature on the Service Roll on 1-11-1966 where his date of birth was recorded as 20-2-1937. The employer Telecom Factory claimed that though there has been a correction of the date of birth of the present workman from 19-7-1939 to 20-2-1937, it was duly signed by the officer who has signed on the first page of the Service Book and the correction was duly authenticated. It is claimed that the appeal of the workman was duly considered by the Department and refused the same with a reasoned communication. The employer Telecom Factory has denied all other claims made by the workman concerned in his written statement of claim.

4. A rejoinder has been filed on behalf of the workman by way of para-wise denial in respect of the contents of the written statement of the employer/management, Telecom Factory and intermittently repeated the story as made in the written statement of claim.

5. So, in the present reference the entire dispute centers round the noting of the date of birth of the workman, Nabakumar Paul in his service roll and service book and admittedly a correction of the date of birth is clearly evident from this two books since the earlier noted date of birth of 1st July, 1939 has been penned through and a new date of birth being 20-2-1937 has been noted. Since there is a reduction of age for 2 years the workman

automatically agitated against the said noting of the date of birth as on 20-2-1937 when he received the order of superannuation in 1996 stating that he was to retire on and from 20-2-1997.

6. Admittedly, the workman concerned could not produce any authentic document about his date of birth when he joined the service under the management Telecom Factory in the year 1964. The workman stated that he could only state the year of birth as 1939. Mr. Saibal Mukherjee, Ld. Advocate for the workman submitted that such recording of date and month was done by following the provision made in Rule 39(2)(i) of the Certified Standing Order wherein it has been provided that 'if a workman is unable to state his exact date of birth but can state the year or month of birth, the 1st July, or the 16th of the month respectively may be treated as the date of birth'. Mr. Mukherjee submitted that since the workman concerned could state his year of birth as 1939, the recording personal recorded his date of birth as 1st July, 1939 as he could not state the month or date, by following the prescription given in Rule 39(2)(i) of the Certified Standing Order. It is admitted by Mr. Mukherjee that at the time of his appointment in the year 1964, the workman concerned could not produce any document in respect of his date of birth, but has submitted that he has procured a certificate from the school now in Bangladesh, where the workman concerned has claimed to have studied and that was done in the year 1973 as per claim by the workman concerned.

7. Mr. Rabindra Nath Bag, Ld. Advocate for the management Telecom Factory has submitted that recording of date of birth is a mandatory provision in respect of employment of employee under the management since the fate of the workman provides for an end of service on superannuation. It is further submitted that though provision of recording date of birth as per provision of the Certified Standing Order for P & T Workshop might have been consulted for recording date of birth of the present workman on his failure to produce any authenticated document in respect of his date of birth the claim made by the workman concerned that correction in the service roll and service book in his name has not been correctly done. Rather the case of the management is that since the workman failed to produce any document in proof of the workman's date of birth, the management Telecom Factory has undertaken the provision of sub-rule (4) of Rule 39 of the Certified Standing Order and the workman concerned was examined by a medical officer of the workshop for ascertaining his age. In this context Mr. Bag referred the noting of the medical officer at the below portion of the first page of the service roll of the concerned workman wherein the medical, examiner gave a certificate in respect of the present workman concerned and recorded his age as 30 years on the date of such medical examination of the workman concerned on 20-2-1969. It is further stated that the workman concerned, at that time disclosed his age as being 30 years and he also certified that the workman

concerned also appeared to be 30 years old and accordingly by way of deducting his age to the corresponding date in English era, a correction was made in the column of date of birth in the service roll and service book as being 20-02-1937.

8. To ascertain the claim of the workman concerned about his date of birth as on 01-07-1939 as being correct one, the learned Advocate for the workman Mr. Mukherjee submitted that the penning through the date of birth in the service roll and service book and to re-write the same as 20-02-1937 was made by following a illegal procedure beyond the knowledge of the workman concerned and it was so done without having any authority in this respect. It is further submitted that such an one sided act on the part of the management to re-write the date of birth by decreasing the service period by two years, the interest of the workman concerned has been prejudiced since he has lost his service by 2 years and also the retirement benefit was reduced as the amount of pension, gratuity and his opportunity to get increment in the pay scale have been effected adversely.

9. In respect of medical examination as provided under Rule 39(4) of the Certified Standing Order, Mr. Mukherjee submitted that such medical examination is needed to ascertain the date of birth only when all other established mode of determination of date of birth in Rule 39 failed and that since the date of birth could be ascertained on his disclosure of the year of birth and by following the provision of Rule 39(2)(i) it was duly ascertained. Mr. Mukherjee further submitted that such Rule did not advice or attracts the workman concerned to take any follow up action in furtherance to such recording of date of birth as per provision of Rule 39(2)(i) of the Certified Standing Order.

10. As it is evident from the provision of Rule 39(4) of the Certified Standing Order that when the age of the workman cannot be established on the above grounds, i.e., grounds given in Rule 39(1), (2) and (3) the report of the medical officer of the workshop regarding the age has been stated to be considered as final. Then a question comes whether the workman was subjected to medical examination when other mode of ascertaining his date of birth or age fails or such medical examination to ascertain the age can be done as an added protection. On a plain reading of the provision of Rule 39(4) of the Certified Standing Order it is found that no such embargo is caused in the said provision that even if a date of birth or age of a workman is ascertained by following the procedure in the Sub-clause (1), (2) and (3) of the Certified Standing Order, provisions of Clause 39(4) cannot be undertaken, though there has been wordings that when the mode of ascertaining the age or date of birth in the foregoing Sub-clauses fails such medical examination could be done for ascertaining the age of the workman concerned to make the same as final. It may be presumed by going through the provision of Rule 39 that even if different procedure has been prescribed in different sub-clauses to ascertain

the date birth or age of the workman at the time of his entering into the service, the medical examination of the workman concerned may be done as an added protection when the workman concerned fails to produce any authentic document in respect of his date of birth.

11. According to the management since the recording of the date of birth of the workman concerned was made as per disclosure of the workman himself without having proper proof thereof, the medical examination was taken up to close the question in respect of the date of birth of the workman concerned for ever. Mr. Bag submitted that the workman concerned was given with an opportunity to produce any authentic document in respect of his date of birth within a considerable period and when the workman concerned failed to produce any such document he was subjected to medical examination after 3 years of his entry into the service. In referring to the service roll and service book Mr. Bag submitted that service book was prepared on 01-11-1966 or after two and half years of the appointment of the workman concerned and the medical examination was done 3 years thereafter to finalize the said date of birth and according to the doctor's certificate at the bottom of the service roll and service book, the age of the workman concerned was noted as per disclosure of the workman himself of his age. Mr. Bag further submitted that on the basis of such medical examination the date of birth noted in the service book was corrected by deducing the said age with the years in English era by 30 years and it was noted by way of penning through the original written date of birth as 1st of July, 1939 to 20-02-1937.

12. In respect of his medical examination Mr. Mukherjee, Ld. Advocate for the workman submitted that the workman concerned was never issued with any letter or order to appear before any medical officer or medical board in respect of ascertaining his age and he was never examined by any doctor for that purpose and that the certificate given for such medical examiner at the bottom of the service roll or service book was done illegally without actual examination of the workman concerned. In this respect, on going through the oral submission made by the workman concerned as WW-02 it is found that though in course of his examination-in-Chief he has submitted that there was no medical examination to ascertain his age, nor he was ever asked to appear before any medical board, nor he appeared before any medical board on 20th February, 1967, in course of his cross-examination he has stated that he was asked to go to the medical officer by a clerk of the Galvanizing Shop though no paper was given to him and that before the medical officer he had given his signature and his LTI. So the denial from the side of the workman's learned Advocate about his appearance before any medical examiner or medical officer has been negated by the workman himself during his deposition as WW-02.

13. Mr. Mukherjee further referred to a school certificate in respect of date of birth of the workman concerned which is stated to have been procured from

school in the district of Khulna now in Bangladesh and in reference to the contents of the said certificate which is Exhibit W-08 in the present reference, Mr. Mukherjee submitted that the date of birth has been clearly stated there as 13-09-1939. Mr. Mukherjee put stress on year of birth as 1939. Mr. Bag, Ld. Advocate for the management submitted that authentication of such certificate could not be ascertained by the workman concerned nor that such a certificate was ever produced before the management even though it has been stated to have been procured in the year 1973.

14. I have gone through the said certificate alleged to have been granted by the then Head Master of the school in the year 1973 and though he has stated that his date of birth is 13-09-1939 he has not stated about the source of such knowledge. Further, though the said certificate was procured in the year 1973, there was no effort from the side of the workman concerned to produce the same before his employer since he failed to ascertain his date of birth at the time of joining employment under the said employer, for safeguarding his service period therein. The workman had the knowledge that he could disclose only the year of birth and his date of birth was noted by the staff of the management by way of presumption and also by following the provision of Rule 39(2)(i) of the Certified Standing Order of the employer and that he had also to undergo a medical examination to ascertain age, the workman concerned should have been alert in producing the said school certificate with an appeal to correct the date of birth noted in the service book and note the date of birth as written therein as he knew that his date of birth is written as 1st of July, 1939 though the certificate gave him two months' more service by stating his date of birth as 13-9-1939. Secondly, the school concerned stated to have been in Khulna in Bangladesh and at the time of granting such certificate by the said school it was in Bangladesh and to make a visit there for procuring such certificate, the workman concerned had to undergo some procedure in obtaining Passport and Visa and no objection certificate from his employer for such visit to a different nation. No such paper is forthcoming from the side of the workman concerned to show that he actually visited the said school in Bangladesh to procure the said certificate. On the other hand, if, the workman concerned procured the said certificate without visiting Bangladesh, it might have been done by letter correspondences to the school concerned and if it was so done copies of such correspondence might have been important documents on behalf of the workman concerned that he made an honest effort from his side to procure the said certificate since procurement of such certificate was done within 7 years from the date of his preparation of service roll and book in his name.

15. Mr. Mukherjee, Ld. Advocate for the workman submitted that even if there has been a change in noting of the date of birth of the present worker it was not done by informing the workman concerned so that he might

have an opportunity to meet the said case and to contest such noting, if not properly done. It is submitted that it was done behind his back and he could ascertain the said correction of the date of birth only when he got the notice of superannuation in the year 1996 that he was to retire in February, 1997. In this regard Mr. Mukherjee relied upon a decision reported in 1967-II-LLJ 266 (*State of Orissa v. Dr. (Miss) Binapani Dal & Others*) and he referred to the particular view of the Hon'ble Court in the following lines:

"The State has undoubtedly authority to compulsorily retire a public servant who is superannuated. But when that person disputes the claim, he must be informed of the case of the State and the evidence in support thereof and he must have a fair opportunity of meeting that case before a decision adverse to him is taken."

On going through the same it is found that the said decision of the Hon'ble Court was taken in a case where compulsory retirement was done in respect of a public servant which is a different case from the present one.

16. Mr. Mukherjee further relied upon another decision of the Hon'ble Supreme Court reported in 1981-II-LLJ 380 (*Sorjoo Prasad v. General Manager & Ors.*). In the said decision the earlier referred decision has been referred and it was held by the Hon'ble Court that the date of birth cannot be unilaterally altered to the disadvantage and prejudice of the employer without giving any opportunity of hearing. In the present case, the management side has stated that for final settlement of the age of the workman he was asked to appear before the medical board/medical examiner which the workman complied where he disclosed his age as 30 years on the date of his medical examination. So, this decision is also not applicable in the present context. Mr. Mukherjee also relied upon another decision reported in 1991-II-LLJ (Bombay) 557 wherein the Hon'ble Court held that medical examination cannot establish date of birth and it cannot be fixed on the basis of medical test since such fixation is irrational and arbitrary and the management of Port Trust was directed to accept the date of birth as per school certificate which was produced by the workman later on. Unfortunately, this decision is also not applicable in the present case since though the workman concerned has not stated that he procured a school certificate in respect of his date of birth, he never produced the same before the employer to get his date of birth corrected since he had the knowledge that his original date of birth was noted as 1st July, 1939 though the school certificate contained his date of birth as 13-09-1939.

17. It is fact that the alteration of the date of birth from the originally noted one was not duly authenticated by signature by the person authorized to endorse with his signature, the said alteration is stated to have been done by the management on the basis of the medical examination

done by the medical examiner on 20-2-1967, appearance before whom has not been denied by the workman during his cross-examination as WW-02. Further, even though the workman concerned procured a school certificate in respect of his date of birth in 1973, he never produced the same before the management as being an authenticated paper in respect of his date of birth in view of the Certified Standing Order till before the issue of the notice of superannuation and his such act gives a presumption that he had no grievance against noting of such date of birth in the service book causing the end of his service life on superannuation in the year 1997. The workman concerned cannot agitate about the change of his date of birth after receiving the notice of superannuation since he had knowledge that he disclosed his age as 30 years on the date of his medical examination on 20-2-1967 and that his date of birth was noted by following a formula given in Rule 39 of the Certified Standing Order.

18. Consequently, I cannot accept the plea raised by the workman concerned challenging his superannuation on 28-02-1997 on the basis of his date of birth as 20-2-1937 and thus the action of the management in superannuating him on 28-2-1997 is justified.

AWARD

The Government of India, Ministry of Labour, in exercise of the powers conferred on them under Section 10 (1)(d) of the I. D. Act., 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012/05/2000 (C-1), Dated, the 24th July, 2000.

SCHEDULE

"Whether the action of the management of Bhowra OCP of M/s. BCCL in not regularising Sri Raj Kumar Pd. Singh as Fitter in Gr. D. w.e.f. 15-1-93 and also in not paying the difference of wages w.e.f. Jan., 92 is justified? If not, what relief the workman is entitled?"

2. The case of the sponsoring Union is that workman Raj Kumar Pd. Singh initially appointed as Helper (Trainee) in Category I, was posted in Fitter Trade at Bhowra O.C.P. Through he was regularised as E.P. placed in Cat.E excavation in 92 yet he never worked as Helper Greaser there, rather the O.C.P. Management began to take work from him as Fitter of Cat. 'D' excavation since 1992 independently. Accordingly his job as Fitter Cat. 'D' excavation was unblemishly quite satisfactory to the O.C.P. authorities, who by proper office orders kept him time to time shifting from one section to another. After being fully satisfied with his job as Fitter Excavation, the management sent him for advance training in Coal Mining Transportation (Equip Maintenance) in the I.T.I. Dhanbad, as a Fitter. The Management of Bhowra O.C.P. by proper letters/office orders directed him to do duty as Fitter. Through he represented to the Management to give him his proper Grade/Cat. of excavation Fitter with proper wages and make up etc. for doing higher responsibility job, but to no avail. The Certified Standing Order of the company provides for regularisation to the workman for the job he continuously performed for six months or more against clear vacancy. His junior was promoted to Grade/

Cat 'D' excavation, without providing him a chance to appear in D.P.C. superseding him. As such, the workman is entitled to regularisation in Cat. 'D' excavation with full back wages/scale of Cat. 'D' excavation from 1st January, 1993 till regularisation and payment thereof.

Further pleaded case of the workman in his rejoinder is that the term of reference relates to non-regularisation and not to promotion. His demand for regularisation in Gr. "D" Excavation was due to his accordingly continuous work for 240 days. The management ought to create supernumerary post to accommodate him retrospectively.

2. Whereas specifically disputing the allegations of the workman, the management has pleaded that the promotion to the next grade depends upon many conditions such as cadre scheme, eligibility condition, suitability, recommendation of departmental promotion committee approved by the competent authority and vacancy in the next higher grade; and above all, no promotion to the next higher grade can be claimed as a matter of right. The workman was originally appointed as Fitter Helper (Trainee) on Cat. I on 9-2-90. On successful completion of his training period he was placed in Cat. II as Fitter Helper on 25-10-90, then in Excavation Cadre in Excavation category E as E.P. Fitter Helper on 1-3-91. He was not eligible for promotion to Excavation Category "D" from 15-1-93. There was no vacancy in the said category, after he became eligible for his promotion to next higher grade. So he has been promoted to Cat. "D" excavation from 11-9-2000 along with many other E.P. Fitter Helper. It is evident from it that the workman had regular and steady career growth since his joining the company as Fitter Helper (Trainee) in 1990, he reached aforesaid Gr. "D" excavation which shows three promotions on a span of ten years. He might have worked as Fitter temporarily in leave/sick vacancies on the exigency. But he never continuously worked as Fitter nor put on his requisite attendance to demand his regularisation as Fitter in Gr. "D" from January, 1992 or 15th Jan 1993. Therefore, the workman is not entitled to any relief, as the action of the management in the terms of the reference is justified.

3. FINDINGS WITH REASONING

In the instant case at the very outset it is worthwhile to mention the following facts being admitted are uncontroversial:—

- (i) The workman was initially appointed as Fitter trainee Helper in the year 1989/1990,
- (ii) He got National Apprenticeship Certificate (No. 38322 dated Nil-Ext. W-2) from the National Council for training in Vocational Trades for his apprenticeship training as a Fitter from 1-7-81 to 30-6-82 which is much prior to his aforesaid appointment, and
- (iii) As per Office Order of the Project Officer dated 8-12-93 (Ext. W-5), the workman as a Fitter was released from 8-12-93 to 31-12-93 for taking

advance training in Coal Mines Transportation (Equipment Maintenance) and accordingly he got advance training for the said period of four weeks as per his proficiency certificate dated 31-12-1993 (Ext. W-1), and

- (iv) Lastly the workman, namely, Raj Kumar Pd. Singh, Helper Trainee (Fitter) was regularised as E.P. Helper/Greaser in Excavation Grade "E" w.e.f. 1st March, 1991 as per the G. M.'s Office letter dated 8-1-1992 (Ext. W-3).

4. The Statement of WW-1 Raj Kumar Prasad Singh, the workman himself is that after one year of his training, the management regularised him as Fitter Helper in Excavation Grade 'E' as per the Office Order (Ext. W-3) But his statement in such manner dilutes with the fact of the word "Training" in connection with his vocational training as per the Certificate issued by the National Council for the period 1-7-81 to 30-6-82 as per Ext. W-2 much prior to his appointment, whereas his regularisation as per the Office Order of the G. M. under the signature of Dy. Chief Personnel Manager, Bhowra Area dt. 8-1-1992 (Ext. W-3) he was regularised as E.P. Helper/Greaser in Excavation Grade-E w.e.f. 1-3-1991 which was apparently prior to getting his proficiency certificate (dated 31-12-93) (Ext W-1).

5. Further averment of the workman is that as per direction of the management following his transfer to the 28th Quarry as per the Order of the Dy. C.M.E. O.C.P. dated 26-12-92 (Ext. W-4), at the new place of his work, he had to take up the work of E.P. Fitter Excavation (Excavation Plant Fitter), and since then he had been discharging his duty as E.P. Fitter. But I find the aforesaid office order does not refer to any management's such direction for him to work as E.P. Fitter except as Fitter for 3 Pit O.C.P. only. He has admitted to have been drawing his wages as Fitter Excavation Grade-D since September, 2000. The claim of the workman is that Yasin Ansari, his junior by two years was promoted to Grade-E as per order (Ext. W-6), get his promotion in E.P. Electrical Grade-D as per order dated 31st January/1st February, 1999 (Ext. W-7), but the management deprived him of his promotion to Grade-D Excavation. But the workman admitted not to have discharged his duty as E.P. Fitter Greaser. Though he claimed to have worked as E.P. Fitter in Grade-E, continuously, yet he claims to possess the knowledge about the three years experience required for promotion from one Grade to another Grade.

6. On the other hand MW-1 Devendra Nath Roy, the Personnel Manager (Industrial Relations) at E.J. Area has established the appointment of the workman as Trainee Fitter Halper in the year 1990 in Cat. I who was regularised as Fitter Halper in the Cat. II in the same year and he got his promotion as Excavation Fitter Helper Category-E in the year 1991, so he was not eligible to get

his promotion as per Cadre Scheme on the post of Excavation Fitter Category-D w.e.f. 15-1-93 Besides that the aforesaid Management witness (MW-1) has affirmed that for the cadre post of Excavation Cat. D Fitter, a workman should work at least for four years in Excavation Cat. D Fitter Helper and thereafter he would have to face D.P.C., on those recommendation, his promotion to Excavation Cat. D Fitter is considered subject to availability of vacancy; that there was no vacancy in Excavation Cat. D Fitter in the year 1995, hence the workman was given his promotion in Excavation Cat. D Fitter in 2002 when vacancy arose as per the recommendation of the D.P.C.; nobody except the Head Quarter's Order is permitted to issue any order of promotion in cadre post; so the claim of the workman is not justified. According to the witness of the management no officer of the colliery is authorised to issue any promotional order in favour of any workman concerning a cadre post.

7. On the scrutiny of the materials available on the case record I find the workman has not produced any chit of paper as a authority for his working as E.P. Fitter and at the relevant time he had no requisite qualification nor vacancy for the post of Fitter Excavation Grade-D existed on 15-1-93 while he was Fitter Helper Excavation in Cat. E. As such the claim of the workman appears to be based on fiction rather than on fact. Under these circumstances, I find and accordingly hold that the action of the management of Bhowra O.C.P. of M/s. BCCL in not regularising Shri Raj Kumar Prasad Singh as a fitter in Grade-D w.e.f. 15-1-1993 and also in not paying the difference of wages w.e.f. Jan. 1992 is justified and legal. Therefore, the workman is not entitled to any relief whatsoever.
